Contest 2023

CONTEST

The VerticalMovie Festival this year has chosen an entirely Green theme: ecology, sustainability, renewable energy and respect for the environment in order to safeguard our planet.

SECTIONS

- 1 - **VerticalGreen**: the works in this section must deal with an entirely Green theme: ecology, sustainability, renewable energy and respect for the environment
- 2 - **VerticalOpen**: free theme section.
- 3 - **VerticalSong**: section for music videos.

Registrations are open to all free of charge.

The works must be delivered by September 15, 2023.

The work can be delivered only after registering on the verticalmovie website (www.verticalmovie.it) by uploading it directly to the UPLOAD YOUR VIDEO page. Alternatively, it can be sent via wetransfer to info@verticalmovie.it

Vertical Movie Festival is a competition aimed at all, aimed at discovering new talents in the field of screenplay, direction and photography, whose participants are asked to tell short audiovisual stories with exclusively vertical video footage.

Vertical framing is a typical format of the smartphone and a new and modern visual manifestation of our present, VerticalMovie Festival will also aim to define and legitimize what in all respects has become such a widespread expressive way.

Contest Regulation 2023

The VerticalMovie Festival this year has chosen an entirely Green theme: ecology, sustainability, renewable energy and respect for the environment in order to safeguard our planet.

In the words of Greta Thunberg: every day is “Earth Day”, and this reminds us that the environmental and climate emergency must be the central pivot of our existence, that we must intensify the circular economy, renewables and energy efficiency.

The symptoms of climate change must be addressed in such a way as to reduce the impact on the environment as much as possible. It is necessary to create conditions of resilience for our urban fabric.

VerticalGreen is the central theme section of the VerticalMovie Festival 2023

The works in this section must deal with an entirely Green theme: ecology, sustainability, renewable energy and respect for the environment.

There are two other sections:

VerticalOpen (free theme section) **VerticalSong** (section for music videos). Registrations are open to all free of charge. The works must be delivered by September 15, 2023.

The work can be delivered only after registering on the verticalmovie website (www.verticalmovie.it) by uploading it directly to the UPLOAD YOUR VIDEO page. Alternatively, it can be sent via wetransfer to info@verticalmovie.it

are asked to tell short audiovisual stories with exclusively vertical video footage.

Vertical framing is a typical format of the smartphone and a new and modern visual manifestation of our present, VerticalMovie Festival will also aim to define and legitimize what in all respects has become such a widespread expressive way.

Participants are asked to tell short audiovisual stories with the shooting mode whose shot must have one of the following vertical resolutions: horizontal and vertical resolution:

HD 1080 x 1920 - UHD 2160 x 3840 - 4K 2160 x 4096

The file must be encoded in H264 and the container format must be MP4.

The audiovisuals must have a maximum duration of ten minutes and can be made with all those devices that allow shooting in the manner described above. The competition will be launched on the web.

VerticalMovie takes place in Rome in October 2023.
